Dear Friends, Fellow Gardeners, Conservationists and Nature Lovers.

Molly has stepped back from her daily hands on care of the Wildscape and earned the title Wildscape Coordinator Emeritus.

We are taking this time to honor Molly, for all the years of hard work, from the start of the Wildscape to the work of sustaining it for the future. Her influence goes way beyond the Wildscape, bringing droves of people to appreciate nature and to work hard to take care of it, in all kinds of ways... far beyond Arlington, Texas.

Please come, enjoy the celebration and bring one of your favorite healthy snacks.
